

# YACHTING MONTHLY

## Triangle Race 2016

### Newsletter No 2

Dear Triangleurs

Welcome to the second newsletter for the Yachting Monthly Triangle Race 2016. We've certainly had very blustery weather over the last couple of weeks or so. Hopefully your boats are either safely laid up ashore or well moored up!

#### Entries

Currently, we have 36 intended entries which is the best we have had at this stage with six months to go before the start. With others who are showing interest, I am very confident that we will have the best turnout on the start line for many years.

#### Notice of Race

The website address under 1.3 ISAF offshore Special Regulations Category 2 Monohulls has been changed. The new address is [www.sailing.org/documents/special-regs-php](http://www.sailing.org/documents/special-regs-php)

#### Kinsale

Kinsale are ready to welcome us next year with their excellent marina and facilities and we are really pleased that John Stallard and his son Kevin will be representing Kinsale Yacht Club by entering the Triangle in their Sunfast 32i. It means they will be crossing the Irish Sea four times!

#### Tréguier

Peter and Michele are working with the Club Nautique and the Mayor of Tréguier to arrange the usual jollyfications in Tréguier. Hopefully, the weather will be as kind to us as it was in 2014 and we will have another lovely evening and repas in the Jardin Publique.

#### And Finally

Jan and I would like to wish you all the Compliments of the Season and look forward to seeing you all in June 2016
